

Third Workshop on

Parameterization of Lakes in Numerical Weather Prediction and Climate Modelling

Sessions on:

- Lake-atmosphere coupling
- External parameters for description of lake properties
- Assimilation of observations on lake surface state
- Model validation and intercomparison
- Processes in fresh-water bodies beyond lake physics

One-day excursion to Lake Sääksjärvi with a workshop session, swimming, sauna, dinner ...

Registration till 15th June, 2012, no registration fee

Finnish Meteorological Institute, Helsinki
September 18-20 2012
